

Introduction To Microsoft Office Web Apps

Manhattan School of Music

IT Department

What are Web Apps?

- Microsoft Office: Word, Excel, Powerpoint, OneNote
- Limited functionality
- Available through web browser
- Documents stored in Microsoft's Skydrive (cloud storage)

Why should I care?

- Create new documents anywhere
- Work on existing documents anywhere
- Sync documents with desktop
- Share documents for collaboration
- No need to have Microsoft Office installed
- 25 GB!

Requirements

- Windows Live ID (your school email account)
- Supported web browser (no iPads, Xooms)
- Documents must be in current format (docx, xlsx, pptx)
